2026 Cycle | The Way | Moving Mindset Ministry

## Note on the Calendar and Restoration

We do not observe or honor the pagan Gregorian calendar system as a covenant authority for time, for it is a system established by the nations and not by the instruction of **יהוה**. However, we reference its dates only as practical markers so that events and teachings can be understood within the civil framework of the world in which we presently live during exile.

This understanding is grounded in the Word itself. The restoration of all things—including the full and perfect order of the appointed times—belongs entirely to the season of regathering. The complete truth of His calendar is not a matter of human calculation or personal doctrine in a foreign land. Rather, it is a revelation that will be made known only when the people are brought again into the wilderness and instructed directly by **יהוה**, as written in HushaYAHU (Hosea) 2:14–15 and YahazqAL (Ezekiel) 20:34–38. Until that time, the Mo'adim are kept in remembrance, rehearsal, and loyalty.
